

Projektkurs Englisch

This project is a two-term course for very good students. Each participant gets two term marks at the end of the course (Ende 13.1)

The course mainly consists of two parts: 1. The development of a project based on a topic in the “Qualifikationsphase”. 2. The students will be prepared for the CAE (Certificate in Advanced English).

Project requirements:

1. Interest in the English language, English speaking countries/cultures, the topics of the A-level exams in English
2. Foreign language skills (good marks, language practice)
3. General motivation to work on a project
4. Interest in the preparation of the CAE (Certificate in Advanced English) → participation not mandatory

Why the CAE?

accepted globally as proof of high achievement.

More than 3,000 educational institutions, businesses and government departments around the world accept Cambridge English: Advanced (CAE) as proof of high-level achievement.

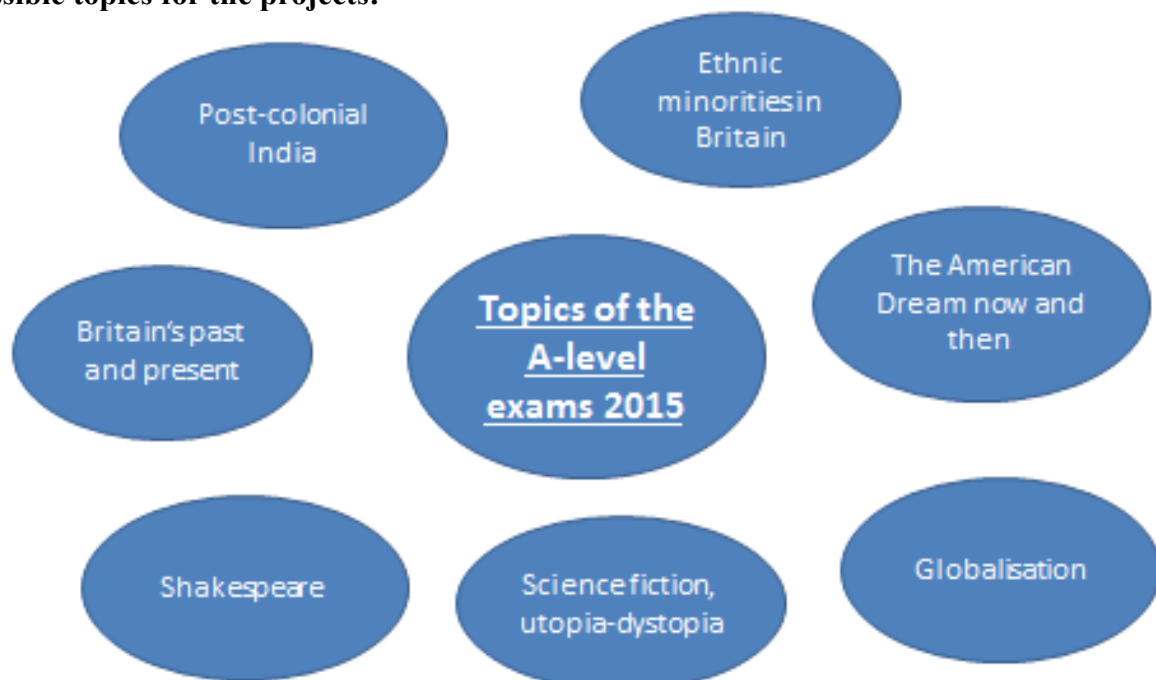

certificate with endless opportunities.

Helps you develop the language skills you need for success, and can be used for your university and student visa applications in the UK and Australia.

provides high-level English skills for academic and professional success.

Preparing for Cambridge English: Advanced (CAE) helps learners develop the skills to make the most of studying, working and living in English-speaking countries.
